P R E F A C E

GUARANTEE

All landscape material and nursery stock sold through our landscape department is guaranteed to be first-class stock in the size and grade specified. Any nursery stock that fails to live during the first growing season after delivery will be replaced ONCE at the proper delivery season in the spring or fall, at our option, provided

- A. Stock is properly planted and trimmed in accordance with instructions.
- B. Stock is properly watered and cared for during the first growing season in accordance with our instructions.
- C. STOCK HAS BEEN PAID FOR IN ACCORDANCE WITH THE TERMS OF THE CONTRACT.
- D. We are notified in writing by customer prior to September 1st following date of delivery as to all stock in need of replacement.

NO REPRESENTATIVE HAS THE AUTHORITY TO CHANGE THE CONDITIONS OF THIS CONTRACT UNLESS SAID CHANGES ARE ACCEPTED IN WRITING BY THE COMPANY.

INSTRUCTIONS TO BE FOLLOWED WHEN TAKING ORDERS

- A. The customer should receive a complete copy of the order showing all material purchased. This material may be shown on attached "list of specifications."
- B. Customer should initial and okey copy of specifications when accepting signed orders.
- C. A deposit of 25% is required on all orders. This is not due to the fact that we question the integrity or reliability of the customer; rather, it is because nursery stock is perishable and represents a complete loss to us in the event the customer wishes to cancel his order. Nothing binds the order nor protects the salesman and us as much as will a deposit on said order. The deposit makes it easy for us to finance our obligations, and it makes it easier for us to advance a commission to the salesman at the time the order is received in our office.

STATE SALES TAX

3% Sales Tax must be charged on all nursery stock.

X, Y, Z MARKINGS

- X - Items we have in large quantities
- Y - Items we have in medium quantities
- Z - Items we have in small quantities

INSTRUCTIONS GIVEN TO THE CUSTOMER BY THE PONTIAC NURSERY COMPANY

After the material is delivered, a card will be sent to the customer telling them how to care for their material.

TABLE A-2

GUARANTEE

All landscape material and nursery stock sold through our landscape department is guaranteed to be first-class stock in the size and grade specified. Any nursery stock that fails to live during the first growing season after delivery will be replaced FREE at the proper delivery season in the spring or fall, at our option, provided:

- Stock is properly planted and trained in accordance with instructions.
- Stock is properly watered and cared for during the first growing season in accordance with our instructions.
- STOCK HAS BEEN PAID FOR IN ACCORDANCE WITH THE TERMS OF THE CONTRACT.
- We are notified in writing by customer prior to September 1st following the date of delivery as to all stock in need of replacement.

NO REPRESENTATIVE HAS THE AUTHORITY TO GRANT THE CONDITIONS OF THIS CONTRACT UNLESS SAID CHANGES ARE REPORTED IN WRITING BY THE COMPANY.

INSTRUCTIONS TO BE FOLLOWED WHEN MAKING ORDERS

- The customer should receive a complete copy of the order showing all material purchased. This material may be shown on attached "list of specifications."
- Customer should initial and keep copy of specifications when receiving signed orders.
- A deposit of 25% is required on all orders. This is not due to the fact that we question the integrity or reliability of the customer; rather, it is because nursery stock is perishable and represents a complete loss to us in the event the customer wishes to cancel his order. Nothing binds the order nor protects the selection and we as much as will a deposit on said order. The deposit makes it easy for us to finance our operations, and it makes it easier for us to advance a commission to the salesman at the time the order is received in our office.

STATE SALES TAX

The Sales Tax must be charged on all nursery stock.

X, Y, Z MATRINGS

- Items we have in large quantities
- Items we have in medium quantities
- Items we have in small quantities

INSTRUCTIONS GIVEN TO THE CUSTOMER BY THE PORTLAND NURSERY COMPANY

After the material is delivered, a card will be sent to the customer telling them how to care for their material.

PLANTING CHARGES

A charge of 30% of the price of the material must be made for the installation of all nursery stock with the exception of hedges, perennials and ground-covers, upon which a charge of 50% of the price of the material must be made.

BALLING & BURLAPPING (B&B) CHARGES

1. The first part of the report

describes the general situation
of the country and the
state of the economy.

The second part of the report

deals with the results of the

survey and the conclusions

drawn from it.

The third part of the report

contains the recommendations

of the committee.

The fourth part of the report

contains the conclusions of the

committee.

The fifth part of the report

contains the conclusions of the

committee.

The sixth part of the report

contains the conclusions of the

committee.

The seventh part of the report

contains the conclusions of the

<u>TREES</u>		<u>Each</u>
ACER GINNALA		
(Amur Maple)		
(X)	2 to 3 ft.	2.25
(X)	3 to 4 ft.	3.00

1. The first part of the report is a summary of the work done during the year.

2. The second part is a detailed account of the experiments carried out, and the results obtained.

3. The third part is a discussion of the results, and an attempt to draw conclusions from them.

4. The fourth part is a list of references, and a list of the names of the persons who have assisted in the work.

5. The fifth part is a list of the names of the persons who have assisted in the work.

6. The sixth part is a list of the names of the persons who have assisted in the work.

7. The seventh part is a list of the names of the persons who have assisted in the work.

8. The eighth part is a list of the names of the persons who have assisted in the work.

9. The ninth part is a list of the names of the persons who have assisted in the work.

10. The tenth part is a list of the names of the persons who have assisted in the work.

1. The first part of the document discusses the importance of maintaining accurate records of all transactions. This is essential for ensuring the integrity of the financial system and for providing a clear audit trail.

2. The second part of the document outlines the procedures for handling disputes and resolving conflicts. It emphasizes the need for open communication and fair resolution of all issues that may arise.

3. The third part of the document describes the various methods used to collect and analyze data. This includes both qualitative and quantitative approaches, as well as the use of statistical tools to interpret the results.

4. The fourth part of the document provides a detailed overview of the current state of the research. It highlights the key findings and discusses the implications for future studies and policy-making.

5. The final part of the document concludes with a summary of the main points and a call to action for further research and collaboration in the field.

CHIEF PONTIAC ROSES

Our roses are strong two-year plants, grown outdoors, well rooted, hardy and in first-class condition. Each plant has blossomed before it is shipped and will bloom the same year planted. They are far more valuable than mere tender shoots started in a greenhouse which lack the strength to withstand the shock of transplanting.

HYBRID TEA ROSES (BUSH)

These are everblooming varieties. They bloom from June until frost and are often called monthly bloomers.

No. 1 Plants - \$1.85 Each

Ami Quinard - dark red, almost black
American Beauty - red
Betty Uprichard - orange-carmine
Briarcliff - pink
Christopher Stone - red
Condesa de Sastago - Spanish two-tone
red shaded yellow
Dame Edith Helen - shell pink
Edith Nellie Perkins - pink
Editor McFarland - deep glowing pink
E. G. Hill - red
Etroile de Hollande - brilliant red
Frau Karl Druschki - white
General MacArthur - red
Golden Charm - yellow
Golden Dawn - yellow
Golden Ophelia - yellow
Golden Rapture - yellow
Gruss an Teplitz - rich crimson
Johanna Hill - yellow
K. A. Victoria - white
Lady Hillingdon - apricot yellow
Luxembourg - bronze yellow
Margaret McGredy - red
McGredy Yellow - yellow
Mrs. Charles Bell - shell pink
Mrs. E. P. Thom - lemon yellow
Mrs. P. S. Dupont - golden yellow
Mrs. Sam McGredy - orange yellow
Pink Dawn - pink
Poinsettia - bright scarlet
Pres. Hoover - flame scarlet and yellow
Picture - deep pink

CHIEF PONTIAC ROSES

Hybrid Tea Roses - cont'd.

Radiance Pink - carmine pink
Radiance Red - red
Roslyn - golden yellow
Rouge Mallerin - deep red
Soeur Therese - rich yellow
Souv. de Cl. Pernet - clear yellow
Sunburst - yellow
Talisman - red bud, opens golden yellow
The Doctor - deep pink
Yellow Talisman - yellow

CLIMBING AND RAMBLER ROSES

These are everblooming varieties. They bloom from June until frost and are often called monthly bloomers.

No. 1 Plants - \$1.85 Each

American Beauty - carmine red
Blaze - red
Crimson Rambler - crimson
Dorothy Perkins - pink
Dr. W. Van Fleet - light pink
Excelsa - crimson
Mrs. P. S. Dupont - golden yellow
Paul's Scarlet - scarlet
Primrose - yellow
Silver Moon - white

EVERBLOOMING POLYANTHA OR BABY RAMBLERS

These roses are fine for hedging or as borders for a rose garden. Dwarf.

No. 1 Plants - \$1.85 Each

Cecile Brunner - pink
Cinnabar - orange-scarlet
Ellen Poulsen - pink
Floridora - bright red
Glorie Mundi - orange-scarlet
Elsie Poulsen - pink
Katherine Ziemot - white
Kirsten Poulsen - red
Ideal - red
Red Ripples - red

1. The first part of the report
describes the general situation
of the country and the
state of the economy.
It also mentions the
main problems that
the government is facing.

2. The second part of the report
describes the results of the
survey and the findings of the
research.

3. The third part of the report
describes the conclusions of the
research and the recommendations
that are being made.
It also mentions the
main points of the
discussion.

4. The fourth part of the report
describes the conclusions of the
research and the recommendations
that are being made.

5. The fifth part of the report
describes the conclusions of the
research and the recommendations
that are being made.

6. The sixth part of the report
describes the conclusions of the
research and the recommendations
that are being made.
It also mentions the
main points of the
discussion.

7. The seventh part of the report
describes the conclusions of the
research and the recommendations
that are being made.
It also mentions the
main points of the
discussion.

8. The eighth part of the report
describes the conclusions of the
research and the recommendations
that are being made.

9. The ninth part of the report
describes the conclusions of the
research and the recommendations
that are being made.
It also mentions the
main points of the
discussion.

10. The tenth part of the report
describes the conclusions of the
research and the recommendations
that are being made.

PATENTED ROSES

There are many Patented Rose varieties on the market. We have carefully selected, however, varieties which we consider to be superior. These are especially processed for retail trade. They are painstakingly waxed and root wrapped, thus preventing the plants from drying out before planting.

ALL 2 YR #1 PLANTS @ \$2.50

H. T. BUSH EVERBLOOMING

Charlotte Armstrong - American Beauty Red (Plant Patent 455)
Crimson Glory - deep crimson (Plant Patent 105)
Diamond Jubilee - buff orange (Plant Patent 824)
Eclipse - rich gold (Plant Patent 172)
Enchantment - pink (Plant Patent 737)
Forty-Niner - bi-colored, red and orange (Plant Patent 792)
K. T. Marshall - glowing pink (Plant Patent 607)
Mirandy - very dark red (Plant Patent 632)
New Yorker - deep red and yellow (Plant Patent 823)
Nocturne - very dark velvety red (Plant Patent 713)
Peace - yellow to white (Plant Patent 591)
Signora - orange apricot (Plant Patent 201)

CLIMBING ROSES - EVERBLOOMING

Crimson Glory - perfect crimson (Plant Patent 736)
Doubloons - yellow (Plant Patent 152)
Dr. J. H. Nicholas - deep rose pink (Plant Patent 457)
Peace - yellow to white (Plant Patent 932)
Summer Snow - white clusters (Plant Patent 416)

FLORIBUNDA ROSES - for bedding or border planting, dwarf, everblooming

Betty Prior - red to pink (Plant Patent 340)
Donald Prior - bright scarlet (Plant Patent 377)
Fashion - reddish buds to pink and gold (Plant Patent 789)
Goldilocks - yellow ovid buds (Plant Patent 672)
Pinocchio - clusters of golden to pink blooms (Plant Patent 484)
Red Pinocchio - rich carmine (Plant Patent 812)
World's Fair - very dark red clusters (Plant Patent 416)

1. The first group of people who are interested in the study of the history of the United States are the people who are interested in the history of the United States.

THEORY

The theory of the present paper is based on the assumption that the system is in a state of equilibrium. The system is assumed to be in a state of equilibrium, and the theory is based on the assumption that the system is in a state of equilibrium.

- 1. The system is in a state of equilibrium.
- 2. The system is in a state of equilibrium.
- 3. The system is in a state of equilibrium.
- 4. The system is in a state of equilibrium.
- 5. The system is in a state of equilibrium.

The theory of the present paper is based on the assumption that the system is in a state of equilibrium. The system is assumed to be in a state of equilibrium, and the theory is based on the assumption that the system is in a state of equilibrium.

- 1. The system is in a state of equilibrium.
- 2. The system is in a state of equilibrium.
- 3. The system is in a state of equilibrium.
- 4. The system is in a state of equilibrium.
- 5. The system is in a state of equilibrium.

The theory of the present paper is based on the assumption that the system is in a state of equilibrium. The system is assumed to be in a state of equilibrium, and the theory is based on the assumption that the system is in a state of equilibrium.

CONCLUSION

The theory of the present paper is based on the assumption that the system is in a state of equilibrium. The system is assumed to be in a state of equilibrium, and the theory is based on the assumption that the system is in a state of equilibrium.

- 1. The system is in a state of equilibrium.
- 2. The system is in a state of equilibrium.
- 3. The system is in a state of equilibrium.
- 4. The system is in a state of equilibrium.
- 5. The system is in a state of equilibrium.
